

Neighborhood Traffic Calming Application

www.PlanTogether.hcp1.net

Rodney Ellis
COMMISSIONER

About the Program

Harris County's Neighborhood Traffic Calming Policy, adopted in 2024, was developed to lessen the severity of roadway crashes by providing traffic calming measures to reduce vehicles speeds and/or traffic volumes on residential streets within unincorporated Harris County.

If you and your neighbors would like the Office of Commissioner Rodney Ellis (OCRE) to study your neighborhood and consider funding the installation of traffic calming along your street or throughout your community, please complete this application and submit it to **PlanTogether@cp1.hctx.net**. This program requires a petition and signed affidavit or a letter from a HOA or civic association. Please note, completing this form is not a commitment that Harris County will implement traffic calming, but will begin the assessment process.

Once a completed application is received, a traffic study will be conducted to review existing conditions within your community and determine if traffic calming measures are warranted based on recorded speed and vehicle volume data.

Evaluation Timeline

FY 2027 application period ends February 28, 2027.

Application Information (Astrix * indicates required field)

① Applicant's Information:

Name * _____

Telephone Number * _____

Address * _____

Email Address * _____

② Identify all streets segments proposed for traffic calming. This program is for traffic calming to be installed on collector or residential roadways only. This program is not for Major Thoroughfares*:

Location Requested Street	From	To

**If needed, attach attentional pages or a map*

③ Describe the traffic issue to be studied, including the time of day or days of the week the problem occurs. * (Attachments welcome.)

④ Applicants are required to submit a petition with signatures from 25% of front facing residential households (property owner or tenant) along each proposed street. A signed affidavit is required along with the petition. In lieu of petition, applicants can submit a letter of support from an HOA, MUD, or Civic Association to indicate community support. Please attach. *

⑤ Place a check mark to indicate and prioritize the issues you hope to address through traffic calming in the table below.

	Not Important	Somewhat Important	Neutral	Somewhat Important	Very Important
Vehicle Speeding					
Cut Through Traffic					
Crashes					
Drivers failing to yield					
Other: _____					

⑥ Do you have any additional information you would like to share? If so, please tell us here or attach materials:

Please reach out to **PlanTogether@cp1.hctx.net** with any questions.
Our team is available to support you and your community through all steps of this program.

Neighborhood Traffic Calming Frequently Asked Questions (FAQ)

Q: When will I know if my applicant streets are selected for a future project?

A: We anticipate announcing projects in mid-2027.

Q: Can we use electronic signatures for the petition?

A: We are required to collect legal signatures as part of the petition process. If an electric signature is an accurate visual representation of the signer's signature, then it can be used.

Q: Can I submit an application after February 28, 2027?

A: Yes, however your application will be part of the FY 2028 review cycle and project announcements will not occur for FY 2028 projects until Summer 2028.

Q: If my applicant streets are selected for study, what traffic calming treatments will be used in my neighborhood?

A: There is a menu of traffic calming treatments that can be used to calm traffic on residential roadways. The Office of Commissioner Rodney Ellis will work with Harris County's Office of the County Engineer and members of your community to determine recommended treatments to solve identified traffic calming issues.
